

MOBILE NEST®

Cover for piglets in farrowing phase

- Increased amount of piglets per delivery and increased weight
- Measurement: 125 x 40 cm
- Reduction in energy consumption, 20 to 40%
- Easy to install and transport
- Increased feed consumption by the sow
- Very durable and easy to clean

MOBILE NEST

Transportable and easy to position

MOBILE NEST ADVANTAGES:

EASY

Transportable and easy to position

CLEANING

Easy access to the inside, which makes the nest easy to clean

LOW TEMPERATURE

Keeps the pen at a low temperature which makes an optimum climate for the piglets

PERFORMANCE

Improves the piglet number and the piglets' weight.

SAFETY CLIP TO FASTEN THE HANDLES

HANDLES FOR EASY TRANSPORT

Our Mobile Nest facilitates high animal welfare and comfort for the piglets, while also protecting the piglets from drafts. Room temperature can be reduced which keeps the sow away from the heat source that insulates the piglets.

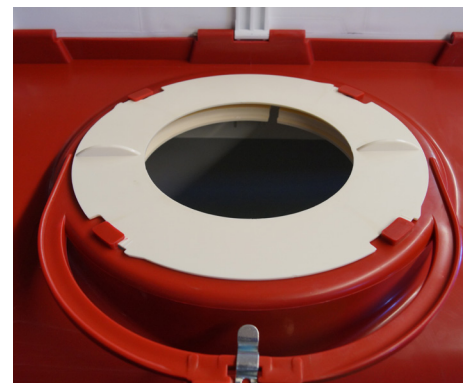

We recommend the use of our Mobile Nest in cases where its use is only needed temporarily or occasionally, as they are very easy to transport and do not require any fixed installation.

FITS DIRECTLY ON 35MM PVC BOARD PROFILES

QUICKLY AND EASILY ADJUSTABLE HEIGHT

OPENING FOR HEATING LAMP WITH AIRTIGHT CONNECTION
