

## ADJUSTABLE WATER PIPES

FOR ALL TYPES OF DRINKING VALVES

- Adjustable height
- Can be used for all age groups
- Available for one or two drinking valves
- Easy to mount
- Simple solution

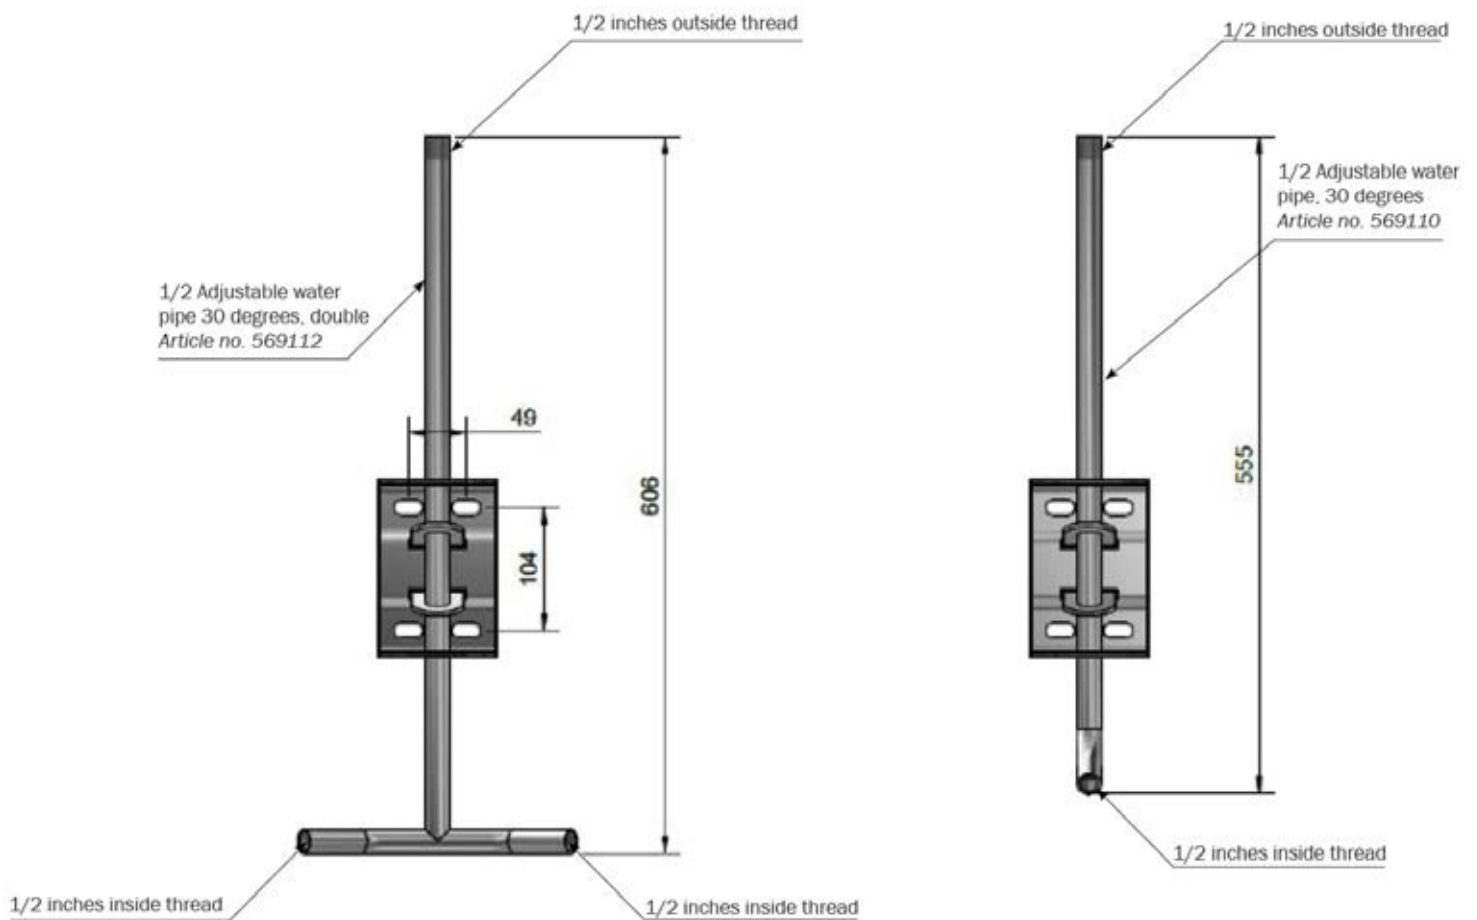

# ADJUSTABLE WATER PIPES

For drinking valves

The height of these water pipes for drinking valves can be adjusted 25 cm up or down. This feature allows you to use it for different age groups.

The pipes are available as single for one valve and double for two valves. The double pipe can be useful in a pen with many animals, so that they all can get access to fresh water.

Article no.	Type
569110	1/2" Adjustable water pipe, 30° single
569112	1/2" Adjustable water pipe, 30° double
